— Additional Improvements for 11,000 employees

0 250 500 1000 Feet

Alternate access from north to overflow parking lot and campus facilities.

Additional parking must be designed so traffic from north does NOT use Northern Lights Road.

Add EB right turn lane

Assumed overflow parking

Consider alternate access to parking facilities from west.

Extend NB left turn lane

Add SB lane between Farm Campus and Epic Lane

All recommendations for 8,000 employee scenario must be implemented.

Additional SB and WB left turn lanes needed.
